FLOORS LTD

INDUSTRIAL AND COMMERCIAL FLOORING SPECIALISTS

Our individual self-smoothing epoxy floors have been used in workshops, industrial units and bakeries for over 20 years. We are able to provide everything from a dust sealer to a heavy duty industrial floor suitable for fork lift trucks.

For a contemporary office floor why not specify our resin bonded pebble effect. A seamless, extraordinary hardwearing surface, with a contemporary and spacious feel. This floor product is also suitable for, office receptions, restaurants, swimming pools and health and fitness spas.

Extremely hardwearing fine quartz resin floors are used in retail areas, car showrooms, toilet and shower rooms, and nightclubs. All our floors are available in over 60 different colours and colour combinations.

We can supply only, or supply and fit solid wood, engineered boards or quality commercial laminates. Alternatively, Sanding and Sealing using first class machinery means we can renovate your wooden floor to give an as new appearance. We can offer an expert opinion on any remaining life in your floor. We can remove, relay, re-sand and re-seal.
