FLOORS LTD

STONE CARPETS A carpet made of natural stone pebbles or marble with all the properties of a hard floor. The *touchstone* quartz stone carpet consists of small marble or coloured pebbles bound with a matrix of clear epoxy or polyurethane resins. It is as warm to the touch as a wooden floor and readily absorbs the warmth of the room. **POURED RESINS** The Terrazzo effect self-smoothing poured resin floor is available in over 40 solid colours and can also be finished with various contrasting coloured flecks.

WOODEN LAMINATES

 **QUICK-STEP**® offer four basic ranges of laminates based on board thickness and warranty length; 700,800,950 and the Majestic range. Quality is of major importance in Laminate flooring and *touchstones* offer one of the best quality laminates available. The V groove 950 system gives your floor the look of solid wooden planks.

SOLID WOOD FLOORS We can offer a range of solid hard wood flooring or sand and seal your existing hard wood floor. To give a beautiful finish in your home.
